Bill,
 Although I haven't known
 you very long it's been long
 enough to know that you a
 great kid. I have enjoyed very
 much knowing you this year.
 We've had our ups & downs
 but of course we've ~~struggled~~
~~struggled~~ managed to straighten
 them out. I hope in the
 future we may become better
 acquainted. Good luck in
 the future.

Bill,
 I have enjoyed having
 you this year. Although
 you have been a bit
 "argumentative" at times
 you have kept the class
 lively. Best of luck to
 you.
 Mrs. Finley

The word *Nordlys* is Norwegian for
 "Northern Lights." In keeping with
 this, we offer the theme for the 1964
Nordlys: Lights. Our cover depicts this
 beautiful phenomenon.

The *aurora borealis* is seen as flick-
 ering or glistening rays or bars of
 light which appear across the sky,
 usually in the region within and sur-
 rounding the Arctic Circle. The color
 most consistently visible is green, but
 other colors appear as the aurora be-
 comes more intense. At its highest in-
 tensity the aurora covers the entire
 sky with pulsating sheets of light.

Science does not know exactly what
 causes the aurora, but it is believed
 that charged rays from the sun cause
 gases in the earth's atmosphere to glow
 by much the same principle as a
 fluorescent light bulb.

The *Nordlys* staff hopes that this
 beautiful display will help to set the
 mood for our theme of lights.

Bill,
 you are a real
 nice friend with a great
 personality. I met you in
 the first grade and I've resented
 it ever since. (HA! HA!) You're really
 a good guy, but a little dumb. You'll surely
 succeed in what you do in your future. It's been
 a lot of fun knowing you and we will have loads of fun
 this coming summer. Good luck to a real fine friend.
 Rats of Ruck, and all that jazz.
 Sincerely Sammie

Bill,
 I've enjoyed having
 you in my class this
 year. You've really kept
 all of us laughing! God
 Good luck!

Bill,
 Well, another year
 has gone by and you
 have been in a class with
 everyone else in a class with
 you in my class. When
 you're always funny to me
 I know you'd go for me

Highlights

Students, teachers, and administrators work together to develop a program of academic and social activities for the new year. The following pages are designed to show the main activities, or "Highlights," of the beginning of the 1963-64 school session.

Night Lights Keep Our

Downtown Oklahoma City

Lincoln Park Lake in the moonlight

The State Capitol Building

City Bright

Our city has many nighttime attractions. The lights of our city help to make it beautiful and they guide us on our nocturnal excursions. One of the beauty spots is our Capitol building which has recently been equipped with automatic outdoor lighting. Lincoln Park Lake is a favorite spot, especially if one is sentimental with the moonlight reflecting on the water.

The nightlights of Oklahoma City keep our city and its people safe and secure as well as lighting the way to the many activities which lift people out of their humdrum daily lives.

Nighttime window shopping is a favorite with those two Northeast students. Penn Square is stepped up for greater convenience.

This is one of the many churches in Oklahoma City.

New lighting illuminates our Capitol Building with an ethereal glow.

The chill of an open-air stadium on a winter night, cheering crowds, nervous coaches, and . . . Football! Football has played a major part in the activities of Northeast ever since early days, both from a participating and a spectator standpoint. Every year fine young athletes enter and leave Northeast's halls, and, it is only fair to say, not without contributing a good measure of glory and sportsmanship to the already high ideals of our school.

Many things go into the preparation of a football game: training and conditioning players, selling tickets, pep assemblies, and, perhaps, just a little bit of that last minute explosive verbal warmup known as the "locker-room pep talk."

And what comes of it all? It is hard to say. Some of the results of good, clean, sportsmanlike competition are as intangible and elusive as freedom, that is to say, they are the emotional benefits that derive from sports. On the other hand, some fruits of a battle well-fought are more concrete. Many trophies and awards grace our halls, and some of our finest gladiators win substantial athletic scholarships to major universities.

But even in defeat, there is a subtle, undefined sort of victory that spreads itself over all present. Perhaps it is that same undying thrill that comes with every parade we see. Perhaps, however, beyond all this pomp and pageantry, beyond the color and the stirring thought of combat, there lies a deeper and more basic feeling, a feeling closer to the feeling of brotherhood and fellowship toward one's fellow man that is the supreme motivation of all sports, indeed, the supreme motivation of all intelligent society.

And, knowing this, we can appreciate not only the coaches and players that make up a game, but the other important ones, ourselves, the spectators, endowed with the God-given ability to "love the game beyond the prize."

Viking Spirit

N.H.S. cheerleader, Trudy Nix, introduces Victor - The Victorious Viking, for the first time to Northeast students.

Factor of school activities

To tell the truth, it wasn't hard to tell which of these contestants were students who had won the \$10,000 scholarship, because this assembly presented by the Play Ex. Ass.

Volunteer Mary Ann assists Merit Schaefer, Saint Francis High School, in their studies at the library. The library is in constant and useful use by students of Northeast students, helping them with term papers, book reports, and general reading projects. The library staff works hard and long to make the school a place of learning and growth.

Learning Experiences Encourage . . .

J. F. C. books - specialty at Northeast

"I wish we had a typewriter that knows how to spell"

"How would YOU like to be a teacher?"

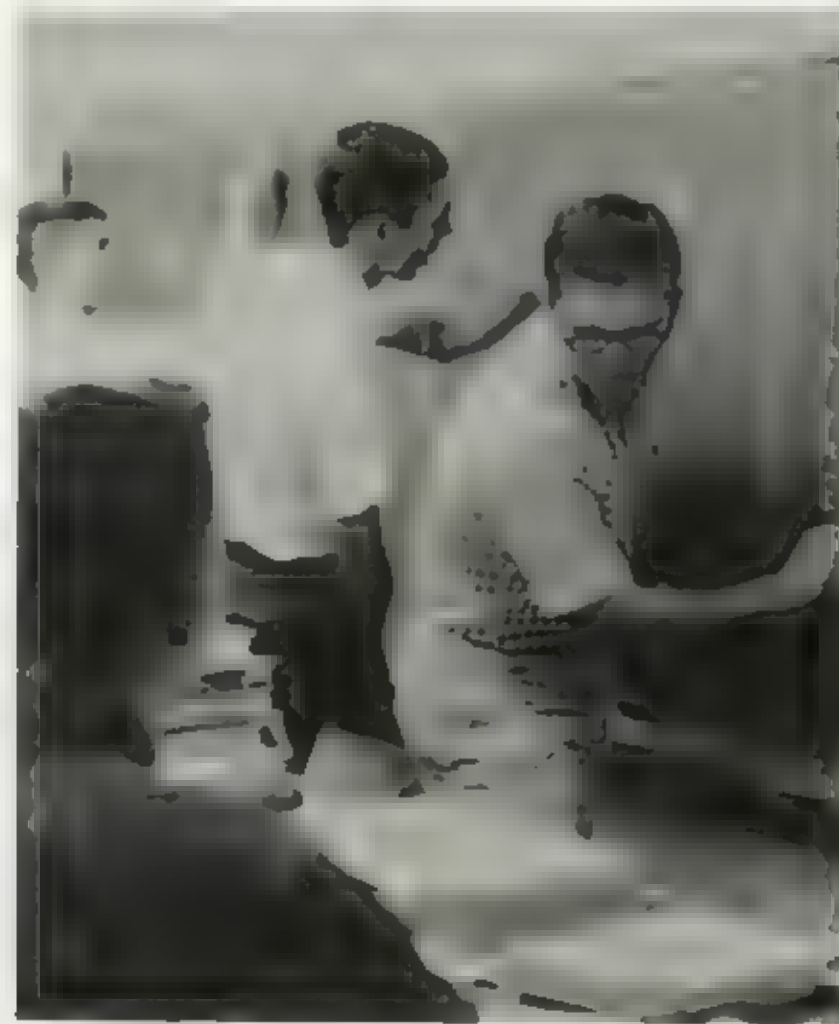

Self-Expression and Technical Skills

Classes at Northeast are geared to provide academic stimuli for achievement and to allow initiative and original thought to flow freely. Students are encouraged to make the greatest use of their time, to look toward the future, and to further intellectual achievement.

Our attendance clerk, Mrs. Janssen, always has a smile for everyone. She is very helpful to anyone in need of her assistance, and she is dearly loved and highly thought of by everyone at Northeast.

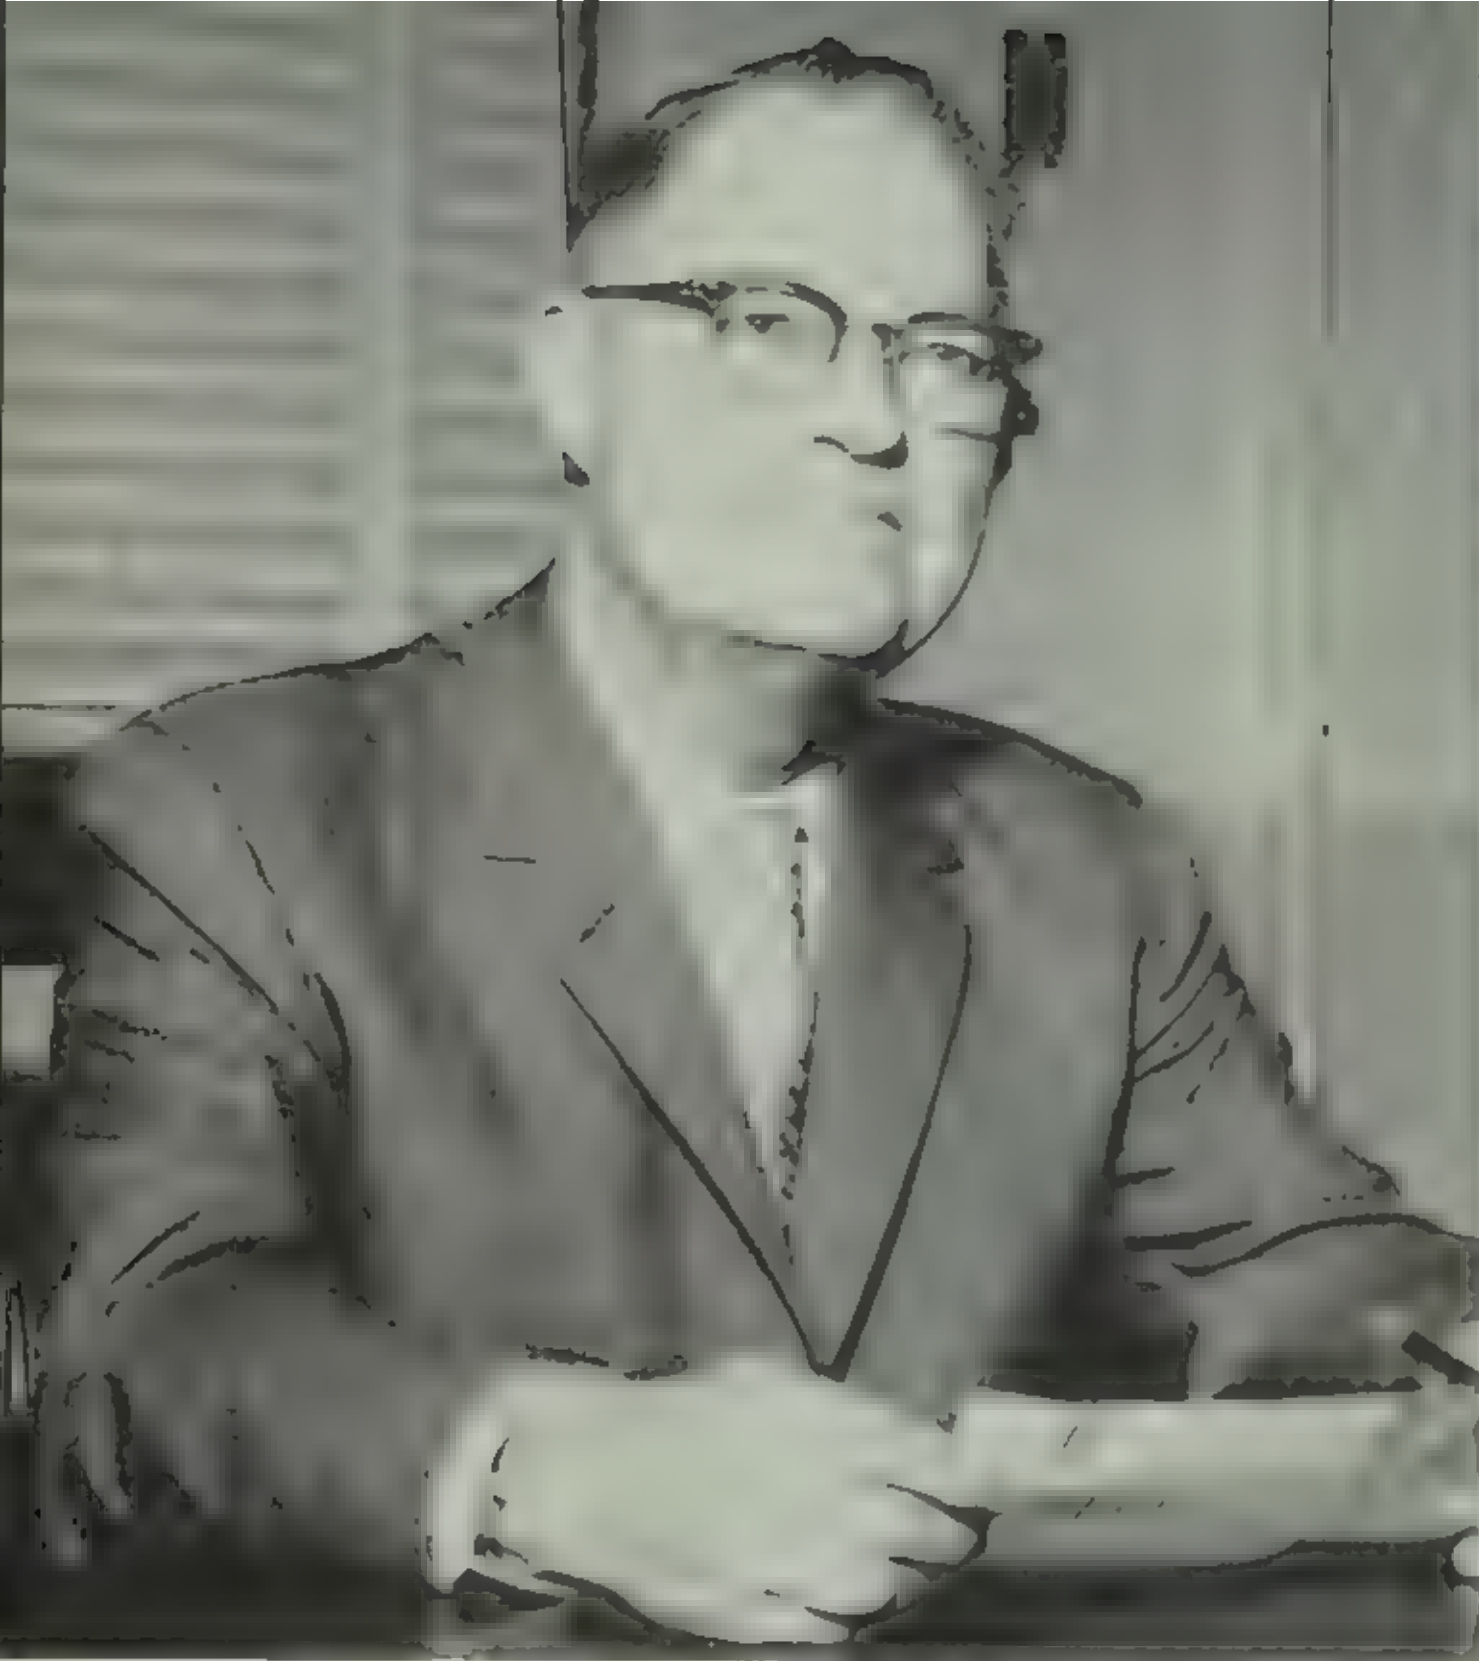

"Come in, Mars!"

Knowledge and ability are criteria for success in any field of science.

Mr. Johnson, vice-principal, and Mr. Reed, principal, discuss some vital points of school policy with Jimmy Goodrich, Student Council president. Cooperation between administration and student leaders is of supreme importance in producing the type of school and school spirit that will make responsible citizens for tomorrow's nation and world. For this reason the Student Council was created, to establish a link between those on the giving and those on the receiving end of education.

Dedication

MR. MACE SPANGLER

Mr. Spangler, our assistant principal since 1947, except for two years while he was on duty with the Air Force, retired from Northeast at the end of last year. During his stay at Northeast Mr. Spangler has taught aviation and math, coached tennis, and sponsored the Norseman Boys' Pep Club. He was principal of two high schools before he came to Oklahoma City. He taught at Roosevelt Junior High School and then became assistant principal at Taft Junior High School, where he remained for seven years.

Mr. Spangler was a United States Air Force colonel. He was commander of the Oklahoma wing of the Civil Air Patrol for two years, was in charge of the veterans' training for Oklahoma City, and was in command of the 35th air base group at Johnson Air Base in Japan.

Presently, Mr. Spangler is a member of the Lucas Club, church board of the First Christian Church and two bowling leagues. He is also a former municipal tennis singles champion.

Mr. Spangler said, "I am going to miss the fine students and faculty at Northeast."

To many students Mr. Spangler has been more than assistant principal. He has been a true friend. His friendliness and wise counsel have affected the lives of many students who miss him greatly.

the path of learning where our students tread.
Northeast's faculty are truly "lamps in the
darkness" to guide their students' unsure steps.

New Administration

MR. LESTER M. REED
Principal—First Semester

Mr. Reed Becomes Superintendent of Norman Schools at Midyear.

Mr. Reed was warmly welcomed to his first year as principal of Northeast

He came to us from Jefferson Junior High School where he was principal. He previously spent one year as administrative assistant to the superintendent of schools in Oklahoma City. He has also served as a faculty member at the University of Oklahoma and has been the principal of Edmond Junior High School

Mr. Reed attended Oklahoma State University, Central State College, and the University of Oklahoma. He received a B.S. degree in math at Central State and did his masters and doctorate work in school administration at the University of Oklahoma

Northeast is privileged to have had such a fine man as its principal, though for only a semester

Principal's Message

This year, my first at Northeast has been a very rewarding one. Over the years high standards of scholarship and citizenship have been established that have been easy to maintain because of the high caliber of students and faculty members working together at Northeast

We are fortunate to have perhaps the most complete physical plant in Oklahoma City, and through the co-operation of all who are interested in our school, I feel confident that we can maintain the top quality educational program for which Northeast is known

A handwritten signature in cursive script that reads "Lester M. Reed".

Lester M. Reed

A Guiding Light to Northeast

Northeast also extends a welcome to Mr. Johnson who was assistant principal the first semester, principal the second semester.

Mr. Johnson was assistant principal at Northwest Classen for three years after having served as administrative assistant at Central High School where he also taught journalism and history.

He earned a B.A. degree at Pepperdine University in Los Angeles and his master's degree at Tulsa University. He has done graduate work at Oklahoma State University and the University of Oklahoma.

Mr. Johnson's friendly personality has made him very well liked by the students. Northeast is happy to have him on its administrative staff.

MR. JIM JOHNSON
Assistant Principal, First Semester
Principal, Second Semester

Leadership of the City Schools

DR. JACK F. PARKER
Superintendent of Oklahoma City Public Schools

Dr. Jack F. Parker has been Superintendent of the Oklahoma City Public Schools since July of 1961

He received his bachelor of science degree from Northwestern State College. Eleven years ago he joined the Oklahoma City school system as a faculty member at Grant High School where he later became assistant principal. In 1956 he earned a doctor's degree in educational administration. Dr. Parker has also been a high school principal, assistant to the superintendent, and assistant superintendent in charge of instruction.

This seems to be the year for new faculty members. Northeast is privileged to have eleven capable persons added to our faculty.

The education that the adults of tomorrow receive today depends greatly on the teaching facilities offered to each student. We are very fortunate in having such a well-rounded and tireless faculty. The subjects taught in our school cover nearly all areas of study.

Our qualified teachers deserve constant praise and recognition for the time that they give their students and the wisdom that they impart to them.

The Student Council is as the name implies, a council of the students. It is an organization whose purpose is not only to co-ordinate student activities but to provide a background for good citizenship. The Student Council is the spokesman for the entire student body and encourages students to voice their opinions through it. Representatives are chosen by the home rooms and the student body elects the officers.

Representatives listen attentively to the treasurer's report

This year Red Cross presented some entertaining programs at city hospitals, constructed and sold a gift shop which will be sent overseas, and many doughnut sales for the student body.

Students are enthusiastic about the Red Cross doughnut sales.

Red Cross has always been one of Northeast's most worthy organizations for its sole purpose is serving others. This year has been no exception. The organization started off last fall with a new sponsor, Mrs. Shelden. She has been of great assistance throughout the year.

Our Red Cross started compiling an album eight years ago to be sent to a school overseas. Much hard work and planning is going into the completion of this album, and it will be quite interesting and informative to the students who receive it.

Nordly's Staff Records History,

The major goal of the Nordlys staff is to present the student body and faculty with a book filled with memories of the passing year. Nordlys staff members are constantly exploring books, magazines, and their own minds to find new ideas for an enjoyable, satisfying yearbook, an annual which enables one to relive both the daily routine of school life and the more exciting moments he spends in activities at Northeast.

Paula Kerr and Kay Kauble, co-editors put many hours of work in on the '64 Nordlys

Mrs. Miller, Nordlys sponsor, Mrs. Clay, business manager, and Mr. Anderson, photography advisor smile at the rewarding yearbook sales.

Jan Stupp and Carol Mitchell search for ideas from several other yearbooks from various places in the state

Sherry Hillis supervises as Judy Kyle and Connie Cox put up some advertising for the Nordlys.

Marca Downing, Kenyan Pearson, and Linda Winchester want to make sure that everyone comes to the right place to order a yearbook.

Language clubs are centers of student activity in the language field. To say nothing of creating a healthy atmosphere for language study, the clubs provide an enjoyable background of fun and supplementary learning. Through these organizations, students seek out the national and social backgrounds of the tongues they study.

Language efforts at N.E. consist in Latin, French, and Spanish, and there is a hearty student support of all three clubs. Each year the language clubs host a "Language Week" wherein students are encouraged to study foreign languages.

NE Speech Department

"Practice makes perfect" is evident in this scene from *Murder in the Nunnery*.

On November 1, the Play Pro class presented *Murder in the Nunnery* under the direction of Mrs. Gifford.

They have presented the student body with a number of enjoyable assemblies.

The Northeast speech department has brought back many honors this year from state tournaments. They have participated in ten tournaments and the N.F.L. tournament. As usual they won their share of firsts and represented the school with dignity and talent.

Miss Fina Smith has directed the choir since its beginning at Northeast. She has been in charge of all assemblies for the past several years and has contributed much to their success. Northeast is privileged to have such a talented director of vocal music.

Membership in the Northeast Choir, the Glee Club, and the Ensemble represents a definite musical achievement. Few activities in the curriculum demand the extra effort and additional time given by members of these groups.

These two groups are both designed for young people interested in the research and engineering sciences. They do, in a way, complement each other: the leaders of the future and the followers of the future if you will, and many persons are members of both groups. The two clubs receive hearty support from members.

Due to the efforts of the cheerleaders in their roles as leaders in instilling school spirit throughout the student body, the Northeast Vikings could always count on plenty of support from the crowds.

During the summer, the cheerleaders were trained in the ways of pep by attending the Cheerleaders Short Course at the University of Oklahoma. There, against nearly 300 competitors, they ranked highly, finishing with second place.

Assemblies, honk parades, pep rallies, and skits supported by the cheerleaders have shown our teams that we were really behind them. The cheerleaders and Victor kept the flame of hope burning in the hearts of all loyal fans

The junior high cheerleaders with vibrant pep and enthusiasm promote school spirit.

These vivacious girls have practiced many hours and the results are worth their effort. At summer and fall cheerleading clinics in Norman, they took top honors in competition.

They can always be found at all junior high sports events to cheer their team to victory!

GO! FIGHT! WIN!

The jobs of promoting school spirit and good sportsmanship are those of the Vikette Pep Club. They have achieved success in both. Only seventy-five girls belong, but they have screamed with both hearts and lungs to spur the boys on to victory. The Vikettes took pride in being at all the football games, the basketball games, the track meets and the baseball games in which the junior high boys participated. They have been good sportsmen in both wins and losses.

The Vikettes have had many projects this year including a Christmas Ball and Spring Dance.

Amid competition, students learn the virtue of sportsmanship. The sports program of Northeast provides a healthy basis for honest competitive activities to say nothing of the development of the body and reflexes. Our sports program builds strong men for a strong future.

Northeast's Eleven Wins Four Football Games

LONNIE GILLILAND
Head Football Coach

Scratch One!

Through sportsmanship, teamwork, and determination the Vikings have made an outstanding appearance on the football field. Under the second year of Coach Gilliland the Vikings have doubled last year's record. Though losing several games, they never lost by more than one touchdown. Although a lot of wins weren't put up on the scoreboard, the Vikings got more points than their opposition in total points. There were twenty boys that lettered this year of whom nine will return next year. This year the team elected as its captain, Larry Bickford.

Northeast Wins Capital Conference

COACH JERRY ANDERSON

Northeast's battle-toughened gladiators of the basketball court displayed their genuine mettle in a triumphant season. The Vikings, with grim determination to win and a forceful, aggressive drive, put forth an effort that sent fear after fear down to defeat. Under the leadership of Coach Anderson, the Victorious Norsemen have made this year one in which all Vikings take genuine pride.

With a 10-2 league record, the team grabbed the Capital Conference crown, their first in the history of the Viking team. In the game with Southeast, a 23-16 victory assured Northeast of at least a tie with Centra, for the championship. Finishing in good style, the Norsemen trounced John Marshall 35-19 to assure their leadership.

It has been a thoroughly pleasing season for all, both players and spectators. We have a real right to be proud of our team this year more than ever before.

A TEAM: Bill Robertson, Ralph Rickes, Larry Morgan, Bob Floyd, Ronnie Hobson, Larry Beckford, Bob Gingrich, Steve Steakley, Clark Burns, Jim Gregory, Jack Morris, Bill Wheeler, Coach Anderson with the ball.

Northeast Golf Team Is First in State

The Viking golf team took first in state last year, and with an even better team this year, hopes are high as this book goes to press.

Mike Hubbard and Tom Gardner also brought honors to Northeast, they are the state two-ball champions. Mike is also the Oklahoma City Junior Golf Champion.

The golf team is coached by Mr. Smoot.

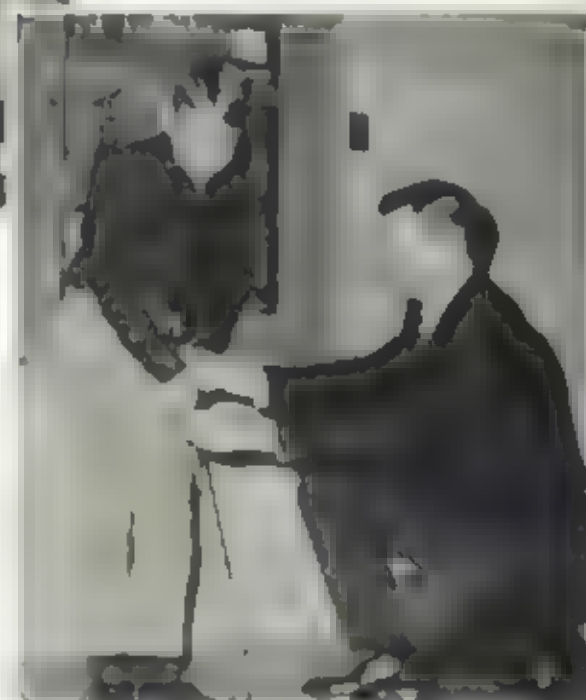

Four excellent players are: Tommy Gardner, Mark Hayes, Larry Hayes and Mike Hubbard

These three promising golfers are Lonnie Carris, Bob Russell and Steve Garrett

Mr. Smoot gives Kenny Sharp some good advice

Scott Story, Ted Duncan, and Paul Abbott are posed to show their skill

Viking Tennis Team Really Rates

The tennis team, coached this year by Mr. Anderson, can expect a successful season. Last year the Vikings ranked fourth in conference. One of the five returning lettermen, Bill Hampton, will be out most of the year with an injury. This will increase the challenge of the team.

Lance Ferguson, Pat Dor, and Bill Hampton posed ready for a challenge

John Weaver and Glen Pipher make a good match.

Bill Wheeler, Tom Brunk, and Rod Lewis add strength to our team.

... Produce Many Victories

Although the counterpart of the Boys' Sports receives less support, they also spend many hours after school practicing to add victories and honors to the Northeast Vikings.

The Volleyball team proves this with their tremendous 1st in the State Regionals.

Our Basketball team, holding a 9-1 record, placed 2nd in the City Conference.

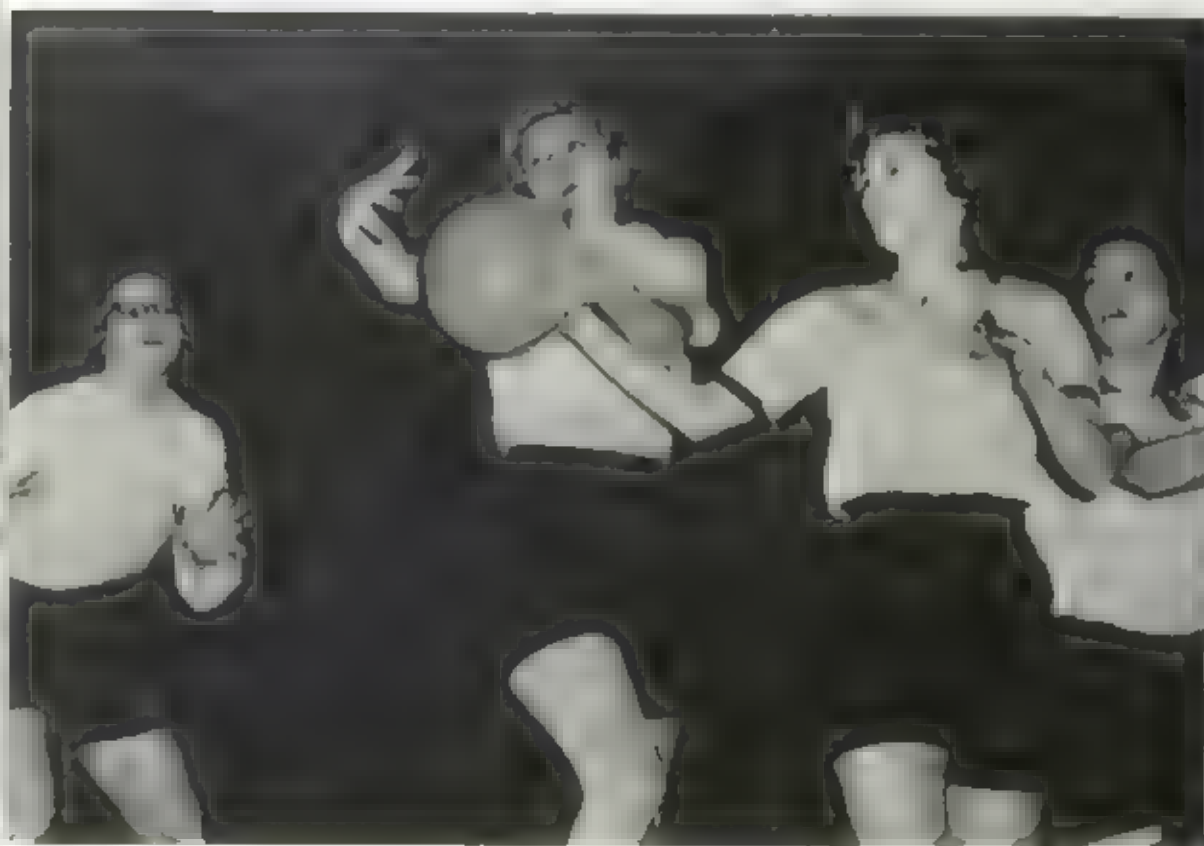

Our outstanding golfer, Sherry Taylor, has proved her golf talents over the last three years by winning the State Girls' Championship.

With these fine records, there is no doubt that these girls have upheld Northeast's traditional reputation of prowess in physical as well as mental pursuits.

A lasting contribution from the class of '61 is "Victor the Victorious Viking." He is the first mascot in the history of Northeast, and he received a tremendous welcome.

Much time and effort went into the birth of the mascot and he was born only a few days before our first pep assembly and football game.

Victor's massive head was formed with chicken wire and papier mache, and it took over three weeks to complete him.

Victor has accompanied the Viking teams this year in wins and losses and has been very helpful in promoting school spirit and loyalty.

As an outstanding addition to N.H.S. from the Senior class of '61, it is hoped that "Victor the Victorious Viking" will continue to lead the Viking teams on to VICTORY.

CONNIE COX—Vice President PAM VAUGHN—Treasurer

Only a year to go! The junior class will soon be in the "limelight" where they will feel the thrill and the sadness that always accompanies the senior year.

We have enjoyed planning the Junior-Senior Prom, participating in the activities, accepting the responsibilities, and sharing the excitement of our junior year.

We will always remember this as one of our best years, but we look forward to next year with anticipation.
